

Summer Golf Announcement 2020

Palmetto Golf Academy regrets to inform you that we will not be holding a summer camp experience this year. We did not make this decision lightly, with factors going into the outcome I would like to share them with you below...

Lack of space - both our putting green and chipping green are currently undergoing major repairs. The driving range is currently operating at a 50% capacity. This means we have only 2 range mats at our disposal to use between 3 instructors. The patio area tables are currently all being used by the Sports Grill for outdoor seating. The community room is being used for storage. The mini golf deck is awaiting a new cover due to a large hole in the canvas roof. This means there is no covered space on the property adequate enough to keep social distance between campers waiting out a hazardous weather situation.

Staff comorbidities - all of our staff is at risk for complications from the COVID-19 virus. We are comfortable teaching 1 on 1 and small group settings, but a large group unable to keep social distance at all times due to lack of space would not be a safe setting for staff.

All of our staff is available for 1 on 1 and small group instruction. We are here to serve the public with the highest quality, safe golf instruction. Please contact us below so we can help you realize your best golfing summer yet!
